Virtual Fair, November 15 | 5:00 PM CST

Join us to learn more about the admissions process, academic programs, internship opportunities and hear from a few of our department chairs!

Bachelor of Science in Accounting

- The BS in Accounting is a 120-credit-hour program that requires 30-credit hours of core business courses, 18-credit hours of Accounting courses, 60-credit hours of non-business courses, and 12-credit hours of approved electives.

Bachelor of Science in Business Administration

- The Business Administration degree offers an option to earn a general business degree. This 120-credit-hour program requires that at least 48-credit hours be filled with business courses including emphasis areas in: accounting, information systems concepts, business analytics and statistics, supply chain management, finance, management, marketing and more. Once you've completed your required courses, you can customize your degree with business electives, even selecting a minor, if you choose.

Bachelor of Science in -Cybersecurity, Information Systems and Technology Emphasis

- The BS in Cybersecurity with an emphasis in Information Systems and Technology is a 123-credit- hour program that requires 33-credit hours of core and 75-credit hours of emphasis specific coursework. The IST emphasis provides both technical and business skills.

Cybersecurity Undergraduate Certificate

- The Undergraduate Certificate in Cybersecurity is a five-course (15 credit hours) interdisciplinary studies program. It is designed to help students from all backgrounds achieve a foundation in information security. It provides students the flexibility to focus on technical and/or managerial aspects of computer, software, network, and information security.

Entrepreneurship Undergraduate Certificate

- This 18-credit hour certificate, which includes 9 hours of required coursework, will allow students from different majors and with different professional interests to investigate the foundations of entrepreneurial practice.

Accounting Post Baccalaureate Undergraduate Certificate

- Complete 27 hours of accounting courses at the 3000-level or above, at least 15 hours of which are completed at UMSL. The accounting courses must include the six required courses listed below and three accounting electives.

UMSL College of Business Graduate Program Presentations
Virtual Fair, November 15, 2021 | 6:00 PM CST

Join the Graduate Business team to learn more about our programs below. Please select your program of interest during registration. We will go over your program of interest, application process and answer your questions about earning a graduate degree from UMSL.
